High Performance Oil for Mercedes-Benz Automatic Transmission

## Product description:

Lifeguard Fluid MB 9 is a full synthetic automatic transmission oil developed for the Mercedes-Benz 9 speed automatic transmissions (9G-TRONIC and 725.0). It provides premium driving experience by increasing driving dynamics when shifting gears. This high quality transmission oil ensures smooth operation of the automatic transmission, has a very high stable viscosity index, an excellent cooling capacity and provides extensive protection against wear, corrosion and foaming. Lifeguard Fluid MB 9 retains all its properties over a wide range of temperatures and loads. This premium synthetic ATF has excellent friction stability for longer oil change intervals.
