

Lifeguard Fluid NS-2

High Performance Oil for Nissan Continuously Variable Transmission

Product description:

Lifeguard Fluid NS-2 is a fully synthetic transmission fluid which utilizes a unique formulation technology and is suitable for use in automobiles with continuously variable transmission CVT. This premium fluid ensures the proper operation of a variable speed type transmission in various types of driving modes. The additives and a unique formulation of high quality friction modifiers optimize shifting performance and fuel-economy. Product's high viscosity index helps to minimize the negative effects of the intensive operating conditions while an advanced anti-wear technology provides maximum protection to belt and pulleys. Lifeguard Fluid NS-2 is suitable for use in JF010E, JF011E, JF015E CVTs and is specific to vehicles requiring Nissan NS-2 approval.

Order No.: 0671.090.160

Order No.: 0671.090.740

Technical Data Sheet

Product code:

0671.090.160 (1L)

0671.090.740 (5L)

Specifications:

Chrysler: 05191184AA, 05191185AA, 05191186AA;

Nissan: KE90999945R, KLE520002, KLE5200004, NS-2;

Characteristics:

Color Green

Density at 15°C 840 kg/m³

Viscosity at 40°C 32.6 mm²/s

Viscosity at 100°C 6.4 mm²/s

Brookfield viscosity at -40°C 10000 mPa.s

Pour point -50°C

Flash point (COC) 212°C
